

Embedding mutually supportive implementation of the Plant Treaty and the Nagoya Protocol in the context of broader national policy goals

Welcome!

Dear Respondent,

Like all other participants in the workshop 'Embedding mutually supportive implementation of the Plant Treaty and the Nagoya Protocol in the context of broader national policy goals', we are asking you to fill in this survey.

This survey will help to provide an informal baseline concerning the state of integration of the Nagoya Protocol and the Plant Treaty in national planning documents, and the connections that may already exist between key agencies. The survey will also help the organizers develop parts of the workshop program.

A general overview of the survey results will be provided during the workshop.

Your responses will be treated confidentially. No individual's name and no country's name will be associated with any responses in our report back to the meeting.

Thank you for participating in our survey. Your feedback is important.

Sincerely,

Michael Halewood, Bioversity International, and Andreas Drews, ABS Capacity Development Initiative
